2019

## Blossom Wood Celebrating 20 Years

### “Maker Night at Blossom Wood Encourages Creativity”

Students get excited about creating new things at Blossom Wood. Maker Night provides an opportunity for students to select stations and use their innovative skills to design and create. Students selected stations that included recycled materials, building computers, programming app-based robots and even using vegetables to create with and eat!

Thanksgiving Luncheon Prayer

### Essay Winner "Brice Anderson"

Fourth grader Brice Anderson captured first place in the North County Churches United Annual Oratorical Contest. The submission of his writing came out of a Language Arts class assignment in which he wrote about the teachings of Dr. King and how those teachings could be used in life. He will present his speech at the St. Louis Community College Martin Luther Celebration during the King holiday. We are super proud of Brice!

Chief Doss makes a healthy great lunch each day. Six graders enjoy lunch prep.

## Holiday Violin/Puppet Performance

Our service projects in the month of December included **Operation Christmas Child**, a sock, hat and glove collection for the **Feed the Family Foundation** Christmas event and a holiday music performance for the senior citizens attending the elder care program at the Clinic Center located in Moline Acres. The puppets emerged again as a true hit with guests and special Dance and violin performances were held and presented by students in grades 2<sup>nd</sup> through 6<sup>th</sup>.

## Christmas Party at Rockin' Jump

In December, Rock and Jump trampoline park found Blossom Wood students...(and some parents too) flipping and jumping the night away at the school holiday party. Parents enjoyed the time to take a break and share time together. as we ended the school semester.

## "Tis the Season of Giving"

Just before the holiday began, Blossom Wood received a very special gift from the **Terminal Railroad Association of St. Louis**. A group of 86 children and families were provided tickets and boarded the Polar Express for a trip to the North Pole...in our pajamas! We met at Union Station where anticipation and excitement were in the air as families gathered for a celebration. It was a wonderful time had by all and a generous surprise. Our families were truly grateful
